ONE MILLION MEN FOR IMMEDIATE SERVICE ABROAD FORECAST IN TREMENDOUS NEW FINANCIAL PROGRAM LAUNCHED TODAY

GOETHALS AND DENMAN ARE FORCED TO RESIGN

End of Paralyzing Emergency Ship Corporation Row is in Sight.

WASHINGTON, JULY 24.—(Associated Press Dispatch)—President Wilson today asked Chairman Denman of the shipping board, to resign, and accepted the resignation of Major General Goethals, as general manager of the Emergency Fleet Corporation.

Edward N. Hurley, a Chicago business man, and former chairman of the Federal Trade Commission, will become chairman of the shipping board.

Washington L. Capps, chief constructor of the navy, will succeed General Goethals as general manager of the Emergency Fleet Corporation.

COLBY TO BE NAMED

Bainbridge Colby, of New York will become a member of the shipping board in place of Captain John E. White, whose resignation has been accepted.

Official announcement of the acceptance of the resignation of Goethals and White was made with publication of a letter President Wilson wrote to Chairman Denman, asking for his resignation and giving the President's opinion that the only way to end the row which had delayed the ship building program was for both Goethals and Denman to be removed.

Chairman Denman received the President's request for his resignation at noon today and complied immediately.

"I want to help the President in every way possible," he said, "and I never have questioned the wisdom of his decisions."

AIRPLANE BILL IS NOW LAW

President Wilson Attaches His Signature to Bill Today

By Associated Press Dispatch.

Washington, July 24.—The \$640,000,000 airplane bill became a law today with President Wilson's signature.

This immense appropriation is only the beginning of preparations for the campaign intended to overwhelm Germany from the air. More than 20,000 planes are to be built as a third increment and there will be many thousands of aviators. The first task will be the instruction of the vast army of American flyers.

Germany, realizing the danger of the air campaign, already is feverishly building airplanes to fight the fleets coming to overwhelm her.

The element of speed, therefore, is foremost in building the American fleet. This feature was emphasized today in a statement by Howard E. Coffin, chairman of the aircraft production board of the council for National Defense.

"It is a task demanding all of the initiative and power of American industry for its consummation," he said, "and just for that reason one to which the nation will respond. Whatever crimes may later be laid at the door of those who are to direct this work, that of inaction or slowness in accomplishment must not be one of them. We are prepared to go ahead."

Paris, July 24.—(Associated Press Cable)—The city council has voted to give a free site near the Eiffel Tower for a club house for American students in Paris.

First Million Men Are to be Made Up of Originally Planned Draft Army of 500,000, the National Army and the Regulars.

MOST VIOLENT ARTILLERY ATTACK IN HISTORY LAUNCHED BY BRITISH

Germans Pushing Forward in Galicia Against Disorganized Russian Armies While Kerensky Rushes to Rescue.

WASHINGTON, JULY 24.—(Associated Press Dispatch)—An American army of 1,000,000 men for service abroad at once, instead of the 500,000 contemplated for the first draft is foreshadowed by the government's request for an additional \$5,000,000,000 made to the Senate finance committee today.

The first million men are to be made up of the first draft army of 500,000, the national army and the regulars.

It is improbable that the first draft army will be increased but the government is arranging its finances for other drafts without the necessity of going to Congress again for money.

GERMAN ADVANCE IN GALICIA

BERLIN, VIA LONDON, JULY 24.—(Associated Press Cable)—The German forces in Galicia are advancing from the river Sereth to the wooded Carpathians over a front of five miles wide, says the official statement today by the German Army Staff.

Several German divisions, the statement adds, report they have each taken 3,000 prisoners. Numerous heavy Russian guns have been captured, and much booty has been taken by the Germans.

Over the entire eastern front from the Baltic to the Black Sea bitter fighting is under way. The statement says great successes have been obtained by the Germans.

HEAVY BRITISH ARTILLERY FIRE OPENS TREMENDOUS OFFENSE

Berlin, via London, July 24.—(Associated Press Cable)—An artillery battle of an intensity never before paralleled is roaring day and night in Flanders, the war office announces.

The German announcement indicates that in all likelihood the expected British offensive is at hand. Several times recently Berlin has reported heavy artillery fighting in Flanders and the intensity of today's action probably denotes the last stage of preparation before the final blow is struck.

It has been predicted that the next attack of the British would surpass any effort previously made by them. The opening of the offensive may be made to assist the Russians in the east.

WORKERS NEEDED AT ARMY CAMPS

Big Wages Offered at Chillicothe and Dayton.

By Associated Press Dispatch.

Columbus, O., July 24.—Workmen are badly needed at the Chillicothe cantonment where Ohio's draft soldiers are to be trained, and at the Dayton aviation fields and also in the great onion fields in northwest Ohio, and an appeal was issued today through the Governor's office by the labor division of the Ohio Branch Council of National Defense.

The statement says carpenters are paid 60c; laborers 30c; experienced men on sewer labor 35c. All are given

11 hours pay for 10 hours work. Board and bunk on the ground at \$5 weekly is assured.

500 men are wanted at the Dayton field. At neither place will alien enemies be employed.

FOOD BILL IS HELD UP

By Associated Press Dispatch.

Washington, July 24.—Republican leader Mann prevented the food control bill going to conference today because he could not get assurance that he would have an opportunity to vote separately on the amendment to create a war expenditure committee, which is opposed by President Wilson.

The bill will be sent to conference tomorrow under a rule instructing the House committee to disagree when the vote is called.

NEW WAR ESTIMATES PRESENTED

Secretary McAdoo Gives Figures to Congress.

Means Five Billions.

By Associated Press Dispatch.

Washington, July 24.—Secretary McAdoo today prepared the new war estimates for Congress very much in excess of those already presented and which will necessitate raising revenue not previously contemplated when the Senate committee revised the war tax bill. The bill probably will be further revised.

The government, basing an estimate on the needs of the army and navy, wants the war tax bill to authorize an additional \$5,000,000,000. Secretary McAdoo will appear before the finance committee today to explain the treasury's needs based on the requirements of the Army and Navy. Whether the five billion would be raised has not yet been determined.

CAUSE READJUSTMENT

While no official intimation of the source of the new revenue was given before Secretary McAdoo went before the finance committee, there were indications that it would be drawn principally from excess profits and estate taxes, probably some increases in income taxes and minor increases in miscellaneous.

Official figures are said to show that excess profits are now at the rate of \$5,000,000,000 a year.

Secretary McAdoo asked Chairman Simmons of the Finance Committee to withhold reporting the bill to the Senate as had been planned for today until he could confer with the Senators. The new situation threw the plans for pushing the war tax bill away. Senate managers had no idea when the big measure for raising the revenues for conducting the war would move forward.

CHILEAN CRISIS ON

Question of Neutrality Causes Cabinet to Quit.

(Associated Press Cable)

Santiago, Chile, July 24.—The Cabinet has resigned. No reason for the action is given.

The Chilean ministry, which has just abandoned office, was formed July 14th, replacing the cabinet which resigned July 7. It has been reported recently that a majority of the Chileans favored abandonment of the policy of strict neutrality. Trouble over this question may have had something to do with the decision of the cabinet to resign.

BITTER PARTISAN DEBATE RESULTS

By Associated Press Dispatch.

Washington, July 24.—During a bitter debate today between Democrats and Republicans on Senator Penrose's resolution to investigate the committee on public information, Senator Penrose declared administration of war and navy departments was marked by inefficiency.

He proposed an early investigation. Senator James, of Kentucky, replying referred to "copperheadism," and "sniping" in the Senate and said Senator Penrose was attempting to play "peanut politics" by making baseless charges.

The starting point of the debate was Penrose's resolution attacking the official account of the fight between German submarines and American transports on the way to France.

From that it branched out into a wide range of war topics and developed considerable adverse criticism of the Administration from the Republicans, culminating in a vigorous speech by James criticizing Senators Penrose and Lodge.

STILL GROWING

By Associated Press Dispatch.

Washington, July 24.—Before Secretary McAdoo appeared before the finance committee it was understood the five billion dollars represented the estimate of the war and navy department and that he would propose another billion to be raised by taxation and to seek authority for an additional credit of \$2,550,000,000. Whether the latter sum was to be in bonds or certificates of indebtedness was not disclosed.

NEW MINISTERS

(Associated Press Cable)

Petrograd, July 24.—M. Effremov has been appointed Minister of Justice and a member of the provisional government.

M. Baeyeknikov has been named Minister of Public Aid.

Both the ministers are members of the Duma, representing the progressive party.

EXTORTION IS CHARGED BY SERBIA

Little Nation Literally Ruined by Greedy Conquerors

Glimpse Behind Curtain.

By Associated Press Dispatch.

Washington, July 24.—Serbia, in a formal note made public at the State Department today, charges Austria with economic exploitation of occupied territory and gives notice to reserve "the right of claim" at the time of the peace negotiations, an indemnity corresponding to the damage inflicted both on the Serbs and its subjects by flagrant violations of international law.

The note, giving the first official glimpse behind the scenes in Serbia, states that over 100,000,000 crowns have been illegally extorted as well as 1,000,000 crowns in the form of subscriptions to war loans.

THE COST TO BRITISH ENORMOUS

(Associated Press Cable)

London, July 24.—Andrew Bonar Law, the Chancellor of the Exchequer, announced in the House of Commons this afternoon that for 112 days the average British expenditure has been 6,795,000 pounds daily.

The Chancellor said the total advance made by Great Britain to her allies and the dominions was 1,025,000,000 pounds.

OLD OFFENDER IS PICKED UP WITH SUPPLY OF BOOZE

Allie DeWitt Lands in the Toils After Two Patrons Confess and Sign Affidavit Before Probate Judge.

Allie DeWitt, old offender on bootlegging charges, was picked up by the police Monday night, after an affidavit had been issued from Probate Judge Allen's Court charging the man with making two sales to men arrested over Sunday on charges of intoxication.

DeWitt was found at his home in the Pavey addition, and when the automobile containing Chief Moore and Patrolman Bell drove up in front of the house in the darkness, DeWitt sauntered out to find out what was wanted, not realizing the automobile contained the police.

"You are under arrest, Allie!" was the declaration coming from the machine.

DeWitt then endeavored to make an excuse to get back into house but was not permitted to go until the police searched him, when the reason of his excuse was apparent, for his pockets contained three bottles of booze and something over \$47 in money.

The man and the booze were taken at once before Judge Allen where DeWitt entered a strong denial of his guilt.

The two men who had filed the affidavits were in the back room and when the accused man denounced his unknown accusers, they walked out and informed him that he had sold them the whiskey that caused them to get drunk on Sunday.

This was too much for the man, but he still refused to confess, and was ordered taken to the county jail for the night.

When the jail the thoughts of what might be ahead of him caused the man to start to run. "Shoot him! Shoot him!" shouted Patrolman Bell, and this so startled the running man that he looked back to see if the police were going to shoot and the next moment he was overtaken by Chief Moore and sent sprawling by a blow from the chief's fist. He was then taken to the county jail to await further hearing Tuesday morning.

ALLEGED 'LEGGERS' FACE MAYOR OSTER SOMETIME WEDNESDAY

Two alleged bootleggers were picked up by the police in the last twenty-four hours.

Charles Jones was arrested Tuesday morning and George Scott Monday night.

"WHERE IS HE?"

Where is the man who said this good old sun was not going to shine in time to mature the enormous crops, and that as result everything would be a failure. We want to see him; we wonder what he can find the matter with nature now, for she sure is making the sun shine—and we want to tell him about the superior laundry service he can get over at this plant, all the year 'round, summer or winter, hot or cold.

LARRIMER LAUNDRY

day night, both on affidavits filed by Robert Todd who was arrested Monday charged with drunkenness.

Todd claims that on the twenty-first day of July Jones sold him whiskey at the rear of the Arlington hotel, and that he bought whiskey of George Scott on other occasions.

The two men were arraigned before Mayor Oster Tuesday morning at ten o'clock and both plead not guilty, but asked for the case to be set at a later date in order to consult attorneys and prepare their case.

Their bond was placed at \$200 and will probably be furnished sometime Wednesday. Their case was set for Saturday morning at nine o'clock.

Scott claimed as proof that he had not been selling whiskey was the fact that he had no money in his possession, claiming that if he had been selling he would have had money.

FIRST FREE LECTURE ON CONSERVATION IS MUCH ENJOYED

The domestic science department of the high school building was the scene of much concentrated attention this morning, when Miss Mary Graber of the O. S. U. Extension school gave her delightful lecture and conservation of food demonstration to a large and appreciative audience.

This demonstration is free and is furnished through the courtesy of the National League for Woman's Service, of which Miss Edith Gardner is local chairman, co-operating with the Ohio Branch of the Woman's Council of National Defense, the O. S. U. very kindly sending its representative and rendering all possible service.

Miss Graber's charming personality together with her thorough knowledge of the subject held the closest attention of her audience.

The dexterity and ease with which she manipulated the simple household utensils used and the simplicity of her recipes convinced her hearers that it is only a matter of a little time and energy on their part to devise expedients against the probable high prices and more probable scarcity of food during the coming winter.

Statistics show that fifty per cent of the garden and orchard products go to waste every year.

Miss Graber canned a number of vegetables and fruits while she talked with surprising ease and rapidity. The great number of questions asked by the housewives in attendance this morning and the interesting discussions prove that the women of Fayette county will not be slow to take advantage of the plan provided by the government for the conservation of the apparent surplus food supply.

Any woman who fails to enjoy the pleasure of today's lectures should attend demonstration at Bloomingburg tomorrow morning at half past eight o'clock, or at the Sunnyside school building tomorrow afternoon at half past two o'clock.

WAGON TRUCK HITS AUTOMOBILE

One of the Rutherford Show trucks attached to a transfer truck struck the Scott Hopkins automobile as it was standing on Court street, Monday evening, turning the big machine to one side and ruining one fender. The auto was not seriously damaged.

"MIT" BARRERE AT COAST READY TO START FOR FRANCE

Now at Spot Where Major Lewis Great-Great-Grandfather, Was Killed While Fighting in Revolution Assisted by the French.

Mr. and Mrs. M. M. Barrere, of this city, Monday received a letter from their son Milton, better known as "Mit," who is in the U. S. Army as a wireless operator, and who now may be on his way to France.

Mr. Barrere stated in his letter that he was then at Monmouth, New Jersey, awaiting orders to board a vessel with the next contingent of troops going to France, and that in all probability his parents would not hear from him for some time and then he would be in France. He is well and eager to do his part in the great, tragic drama now being enacted in Europe.

Mr. Barrere, while on the Mexican border, was trained to take wireless messages while a mile above the earth, in an airplane, and this may form part of his duties while in France, although it is more probable he will be located at some wireless station near the front.

By a strange coincidence the spot where he was quartered when the letter was written was the battlefield of Monmouth, where the British and the Americans and their allies, the French, clashed during the Revolutionary war, and where his great-great-grandfather Major Lewis, was killed. The town also is the birthplace of his grandmother.

Mrs. Barrere is much impressed with the fact that her son is now on his way to aid the people who aided her great-grandfather so long ago, but not against the foe of that time; to assist the friend and the foe of the Revolutionary days.

Other Son in West.
The other son of Mr. and Mrs. Barrere, Walter P., who enlisted in the coast artillery, is now located at Fort Casey, Puget Sound, Washington, and expects to be sent east in the near future. He is now a Sergeant in the service.

JACK DEWITT NOW IN HOSPITAL CORPS

Jack DeWitt, son of Mr. and Mrs. Grant DeWitt, and well known in city and county, went to Cincinnati Monday and enlisted in the United States Hospital Corps. He went into training at once at Ft. Thomas, the same camp where Max G. Dice is stationed. They are the only Washington boys.

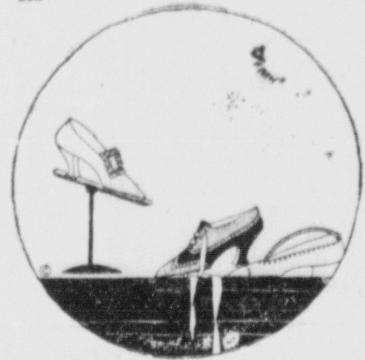

Young DeWitt has had his application for the Ft. Benjamin Harrison Officers' Reserve in for some time, and entered the Hospital Corps with the understanding that he is privileged to make an exchange to Ft. Benjamin Harrison if he receives the appointment.

D. A. R. WILL BRING MILITARY PHOTO-DRAMA

August 21st is the day chosen by the Daughters of the American Revolution, to bring to Washington one of the best and most attractive military melo-dramas ever produced. In every detail a production of special timeliness because of the present crisis in our National affairs. This splendid organization will use this method to raise funds with which to support some of the needy and suffering Belgian and French orphans, and surely there is no better way than to present to you this powerful Bluebird drama of modern warfare. Don't forget the date, August 21st.

ALL DRAFT NUMBERS CARRIED IN HERALD; FIND YOUR NUMBER

With today's list of numbers drawn in the recent draft of registrants The Herald presents the final numbers of all men in Fayette county who were registered, and if the registered man knows what his "red ink" number is, he knows the order in which he appears in the draft.

By taking Saturday's issue of The Herald, Monday's issue and this issue the three will give all numbers in the order in which they were drawn, and in which the men registered will be called for service—if further calls are made.

One fact that many persons cannot understand is that EVERY MAN REGISTERED WAS DRAWN. Each man in Fayette county (and every other district in the United States) now has a number that was drawn last Friday, and stands eligible to call for examination in the order that the numbers were drawn.

Every man should know his number and should know how far down in the list his number is located in the serial order in which the numbers were drawn.

For instance: If a man's number is 985, this does not mean that he will be the 985th man called into service. This number might be among the first drawn or last drawn.

A typographical error crept into the list of numbers printed Monday.

Following the number 1 the number 178 appeared. It should have been 187, and the number 21 should have been 52.

In the same line the numbers 14 and 20 appeared when it should have been 1420.

815, 1126, 612, 869, 1538, 764, 359, 984, 724, 938, 1317, 1526, 497, 667, 1037, 463, 1515, 84, 531, 468, 859, 668, 469, 245, 580, 351, 1454, 1200, 94, 1297, 148, 14, 980, 109, 892, 1449, 1298, 782, 251, 180, 1389, 598, 825, 960, 1171, 658, 941, 1131, 631, 1040, 1177, 879, 746, 655, 583, 830, 995, 914, 1551, 791, 69, 1116, 1361, 845, 1422, 1129, 873, 1036, 790, 1155, 1210, 1486, 1540, 174, 310, 414, 763, 307, 991, 1302, 1457, 569, 553, 1084, 1440, 1289, 625, 402, 459, 161, 1009, 189, 659, 361, 709, 909, 129, 1153, 1222, 1578, 213, 465, 1096, 1408, 163, 665, 1115, 1224, 904, 1302, 1015, 1164, 403, 250, 885, 1147, 1562, 959, 329, 628, 426, 1452, 823, 246,

Our Policy Toward Neutrals

The two arguments favoring the adoption of the food embargo finds root in the, now very generally, conceded fact that a considerable portion of our shipments of food stuffs to neutral nations finds its way, by reshipment into Germany or else is to make up a deficit in the nation to which shipment is made, caused by previous shipments of their own products to Germany.

It has been correctly pointed out time and time again that the great world war has assumed such wide scope and has been precipitated to such a merciless state of warfare by Prussian barbarities pursued against belligerents and neutrals alike that there is no such thing left as honest neutrality. Germany will not permit any nation to remain neutral. If shipments are received by the neutral, Germany as the price of peace, the price of respecting "neutrality" demands no interruption of commerce.

Any neutral nation refusing to furnish Germany with necessities, no matter from whence they were obtained would soon be crushed by the mailed fist of Prussian militarism.

Observers have long ago concluded that it is impossible to maintain an effectual blockade of Germany while neutrals are supplied by the allied nations with those things which Germany needs now so much.

The most effective aid which the United States can bring to the allies at this time is an embargo against shipping to neutral nations.

It is not to be expected that the United States and the allied nations will be more solicitous about the welfare of German non-combatants than the Prussian war lords. They would not hesitate an instant to rob non-combatants, women and children of the necessities of life, to support the armies in the field.

The most effectual and the most merciful way to end the sufferings which the world is enduring at the hands of the Prussians is to make the blockade effective.

Example of Kulture

Charged with satire is the title of a cartoon in this week's Literary Digest. Shown as "A Fine Example of Kulture," emphasis on the "Kulture", are French women being driven to the fields for field work by the rifles of the German soldiers in occupation of their resident French town.

The suasion of the rifle is being exerted in no gentle fashion—women, unused to manual labor of any kind, in costumes far better suited to the afternoon tea than to the fields are forced to a run by the soldiers pushing them with guns.

This is only one of such enlightening pictures arriving in this country, showing the brutal treatment to which French women have been subjected.

There are many women who pluckily go to the fields in time of emergency or in the harvest season when the saving of the grain demands their help. These women who willingly bring their aid to the unusual work of the fields deserve all praise for their willingness to help in every way, by few who are physically equal to this kind of work.

To take to the fields women who are used to indoor life with no hardening of muscles or preparation for the different and more strenuous work of the fields, is one of the crowning acts of the many atrocities which have resulted from German "Kulture."

The Exemption Boards

The draft was successfully and comparatively quickly done because it was uniform in its operation. There were no exceptions to the registration requirements and none, of course, in the drawing of numbers last Friday by the war department.

The question of applying the exemption provisions of the law to the individual case will be the first in all the steps of preparation which will permit of the exercise of any discretionary powers at all by officials.

It is impossible to proceed from start to finish in the work of securing the vast new army with exercise of no discretionary powers vested in anyone. The provisions as to registration and draft being uniform in operation and allowing for new exceptions or exemption, the only discretionary official power is lodged with the exemption boards and that power is so limited and so hedged about by provisions for review and divided authority that it scarcely amounts to a grant of power to the exemption boards.

As a matter of fact the exemption boards have very little discretion—the provisions of the law are so plain and simple.

Those who have been or may hereafter be called should bear in mind that exemption boards are powerless to act beyond the plain provision of the law and that every act is matter of permanent record and rigid review. Every one should make the duty of the exemption boards as light as possible by not asking or expecting the impossible.

Poetry For Today

TO A SKY LARK.

Up with me! up with me into the clouds!!
 For thy song, Lark, is strong;
 Up with me, up with me into the clouds!

Singing, singing.
 With clouds and sky about thee ringing.
 Lift me, guide me till I find
 That spot which seems so to thy mind.

I have walked through wilderness
 And today my heart is weary;
 Had I now the wings of a Faery,
 Up to thee would I fly.
 There is madness about thee, and joy divine
 In that song of thine;
 Lift me, guide me high and high
 To thy banqueting place in the sky.

Joyous as morning.
 Thou art laughing and scornful;
 Thou hast a nest for thy love and thy rest.
 And, though little troubled with sloth,
 Drunken Lark! thou wouldn't be loth
 To be such a traveler as I,
 Happy, Happy Liver.
 With a soul as strong as a mountain river
 Pouring out praise to the Almighty Giver.
 Joy and jollity be with us both! !

Alas! my journey, rugged and uneven.
 Through prickly moors or dusty ways
 must wind;
 But hearing thee, or others of thy kind,
 As full of gladness and as free of heaven,
 I, with my fate contented, will plod on
 And hope for higher rapture, when
 life's day is done.

—Wordsworth.

WASHINGTON NOT SO SLOW

The wide awake committee that is giving the Dance on the Campbell Farm Thursday night are surely stirring things in this town.

The proceeds of this Dance will go to the Red Cross, and the people are certainly interested in this big event. For instance Mr. Hayes of Bryson & Hayes is donating his personal services to the erection of the electric lights that will illuminate this platform. Mrs. Haynes of Haynes Furniture Company has arranged for the seating capacity around this platform, while Mr. Hines of the Gas Company is running all over town securing the proper size lights for this equipment and he himself, is going to see that there will be no fuse blow out. Mr. Harve Thompson is donating his truck to transfer the piano.

The big Grassy spot on Mr. Campbell's farm is being diverted in to a real play lot. Mr. Kerr has been devoting practically the entire week in locating the best and most palatable dishes for the Buffet Lunch. W. H. Howard is arranging his Immense Concrete Mixer to mix the Punch for this occasion, while G. H. Linton is going to give us a through right of way on the Pennsylvania lines to handle all these goodies, Asa Patterson, W. M. Campbell, Dr. Barre and A. F. Kyte are informing the many questioners that the big platform which contains 2500 square feet will accommodate all and that the price for this big Dance will be just \$2.00.

They are all surely a busy bunch and are burning plenty of midnight oil in arranging for this big event.

EUROPEAN NEUTRALS SHUT OUT OF IT

(By American Press)

Washington, July 24.—The government's control of exports has resulted in an absolute embargo on cargoes destined to the northern European neutral countries. Since the control was made effective, a little more than a week ago, not a single cargo has been licensed for shipment to these nations.

The policy enforced is described as temporary, to be changed as soon as it is possible to put the neutrals on a rationing basis. Despite submission of much information by the diplomatic representatives of the neutrals affected, the government considers that it lacks convincing evidence regarding exports from these countries to Germany and it wants to take no chances of permitting American goods to go through to the enemy. The facts sought, it is said, will be available shortly.

Goods destined for the allied countries are licensed without question, as are commodities that go to most other neutrals. Some shipments have been permitted to go forward to Switzerland, but not until the character of the consignee was established beyond question.

Meanwhile the government is negotiating with the British for an arrangement by which the export control will supersede the British system of granting letters of assurance.

The Dutch minister, Mr. Van Hap-pard, has taken a particularly vigorous stand against the government's policy toward the European neutrals.

TAX BOOKS WILL CLOSE ON TUESDAY, JULY 31

In speaking of the collection of taxes for June installment of nineteen seventeen, Treasurer Duff states that so far the collection is most satisfactory and indications are that there will be very few delinquents.

He also stated that these are busy times and if it is not convenient to come to the office to pay taxes, that he will take pleasure in mailing receipts to any one sending a signed check or a postal money order.

He also wishes to announce that during the next two years or the remainder of his term of office the Closing Dates for receiving taxes will be the last Tuesday in January for December collection and last Tuesday of July for June collection or what is more commonly known as Stocks day.

A GOOD MOVE

(By American Press)

Washington, July 24.—The federal government's plan for insuring officers and men of the army, navy and marine corps against death and injury while in service, has broadened into a complex program which would provide government allowance for families of soldiers and sailors and the rehabilitation and training of injured men to fit themselves for making a livelihood after the war.

Issuance of insurance policies from \$1,000 to \$10,000 to officers and men at ordinary peace-time rates, the government paying the extra cost, in demerits for total or partial disability, and administration of the entire scheme by the government's war risk bureau, which is at present insuring officers and crews of American merchant vessels, are among the outstanding features of the proposed program.

In Social Circles

"The beautiful home of Mrs. Frank Middleton, 316 West Columbia street, was the scene of an impressive wedding service at 9 o'clock Thursday evening, when Miss Josephine Shaw and Glen Thompson were united in marriage, the Rev. Dr. George M. Bourke officiating.

"Denzell Empson of Shelby, Ohio, and Miss Nellie Bailey of Greenfield, acted as attendants.

"The bride made a beautiful picture in her wedding gown of old rose satin daintily trimmed in whippoorwill changeable chiffon and white. Her slippers were gold tinted.

"After the ceremony an elaborate three course supper was served, covers being placed for forty-five guests.

"The house was beautifully decorated throughout with palms, pink and white lilies and pink and white draperies.

"The color scheme was detailed at the table in large bouquets at either end of the table. Pink and white carnations were presented to the bride and bridegroom by G. W. Chrisman of Greenfield.

"Many beautiful gifts presented to the young couple.

"Mr. and Mrs. Thompson will leave Friday evening for Xenia and Detroit, Mich., to visit friends. Mr. and Mrs. Thompson will be home after July 28, at 316 W. Columbia street."

"The first of a series of College Socials was given last night in the Epworth League parlors, under the auspices of the Epworth League. Miss Ruth Brownell, as chairman of the committee, assisted by Misses Lucy Edna Pine, Ruth Teeters and Charlotte Baker, had the entertainment in charge.

The evening was divided into ten different parts and for each part a different amusement had been planned.

Miss Dorothy Saxton and Mrs. John Whittington gave charming vocal solos. Miss Margaret Johnson, a decidedly talented reader, gave two interesting readings.

Punch was served during the evening.

The Young Folks Sunday School class of Harmony M. P. church enjoyed a picnic supper at the church Sunday evening. Mr. J. F. Harper, teacher of the class, was with them, and lent encouragement to the congenial gathering.

Mrs. Jess Feagins delightfully entertained the "Little Missionaries," as the girls of her Grace Sunday School Class are christened, Monday afternoon.

The afternoon was happily spent in out door games and a lively contest, in which the girls vied with each other in pinning on the tail of a black

sheep. Helen Rodecker won first prize and Charlotte Hazard the consolation.

The children were served with watermelon, ice cream and lemonade and were enthusiastic in telling their pretty young teacher what a good time they had had.

Mrs. Herman Price assisted Mrs. Feagins.

Jean Worthington, Mary Josephine

The class members present were, Frances White, Thelma Hurtt, Taylor, Helen Sunkle, Helen Rodecker, Anna Lee Taylor, Majorie Sparks, Louise Fenner and the additional guests were Christine Le Fever, of Springfield; Genevieve Price, Virginia Evan and Charlotte Hazard.

In compliment to Georgiana Glascock of Cincinnati, there was a merry picnic party, chaperoned by Miss Helen Glascock, at Cherry Hill Tuesday afternoon.

The girls found the afternoon, under the big trees of the immense grounds all too short for their play, which reached its climax in a delicious picnic supper.

Enjoying the affair with Georgiana were Enid McClure, Jean Worthington, Ruth Jamison, Jean Michael, Frances Martin, of Dayton; Mabel and Helen Sunkle; Marjorie and Dorothy Sparks, Mary Josephine Bireley, Evelyn Soddors, Lillian Teeters.

"Miss Marguerite Gerhardt of Circleville and Miss Helen Persinger of Washington C. H. are guests of Miss Katharine Alban of 172 North Washington Avenue. They were schoolmates of Miss Alban at Oxford College for Women and were complimented last night with a moonlight picnic. Last Friday Miss Alban gave an informal tea for their pleasure."

The Ohio State Journal, Tuesday morning.

A jolly party enjoying a picnic this afternoon at "The Rocks" on Paint Creek; are Avonelle Hibben, Maxine Kibler, Alice Parrett, Helen Duran, David Craig, Grov Davis, Tom Rogers and Charles Fabb of Cincinnati. Miss Opal Moore and Mr. Paul Craig are chaperones.

BAND MAKES HIT AT BUCKEYE LAKE

The Whelpley Band of this city made a decided hit at Buckeye Lake, Sunday, where the band played to about 10,000 persons assembled at that pleasure resort for the day.

President of the Buckeye Lake Amusement Company, Emmett Deffenbaugh and other connected with company assured Manager, Whelpley that the band was the best that had appeared at the Lake this season, and was profuse in his praise of the work of the band.

The band had 25 pieces for Sunday program at Buckeye Lake, and never played better. They left this city about five o'clock and arrived at ten, leaving at 5:00 p. m. and reaching home between 8:00 and 10:00 p. m.

Automobiles carrying the band and other citizens were those of Charles B. Johnson (2), Martin Cox, George Melvin, Bert Irons, Sam Van Pelt and Lina Jensen.

COMPANY M IS TO HAVE BASEBALL TEAM

Company M is to have a baseball team that the city may well be proud of. Each day the boys have been practicing and Tuesday the team was organized.

It is expected that games will be played with Company G of Greenfield during the tri-county chautauqua in that city.

When the camp in the south is reached frequent games will be played with the teams of other companies.

ARGUE MOTION FOR NEW TRIAL OF CASE

Attorney Tom S. Maddox went to Springfield Tuesday, to argue a motion for a new trial in the case of Darrell Devore, charged with robbing a shoe store in Springfield last winter.

So far sentence has not been passed upon the young man, who was found guilty of the crime charged.

CHILD SUCCUMBS

Mary Elizabeth Riley, 20 months old daughter of Mr. and Mrs. Jesse Riley, residing on the Ford road, died Tuesday morning at 6:25 of cholera infantum, said to be the result of eating an unripe apple.

Funeral services will be held Thursday at 10:00 o'clock a. m. at Harmon church. Burial in Sugar Creek M. P. Cemetery.

CASEY FUNERAL

The funeral services of Mr. Bernard Casey will be held at St. Columban's church, at nine o'clock Wednesday morning, and the body will be taken on the 10:47 train for transportation to Toledo, where interment will be made.

The Old Saying

"Experience is the best teacher" holds good today, and many of our good customers have profited by past experience in deciding to renew their roof with

Red Cedar Shingles

At present prices your money will not buy a better roofing value.

We carry them in two grades: 16 inch 5x Brith Columbias at \$6.00 and 16 inch Extra Clears at \$5.75 per thousand.

Our only suggestion is to buy now, as the great crop movement will soon be on with a rush, and it is likely we cannot get shipments of shingles from the coast later on.

Let us show you the high quality of these shingles.

200 TO 250 MEN MAY BE CALLED TO OBTAIN THE QUOTA

Number to Claim Exemption and Who Will Be Physically Unfit May Be More Than Three Times Fayette's Quota of 81, Declares Member of Exemptions Board.

Dr. D. H. Rowe, examining physician of the Fayette County Board of Exemptions has had a great many inquiries, during the past few days, from men included in the first 162 numbers drawn for military service, and states that the present indications are that many more will be summoned for examination before the quota of 81 men is obtained.

His observation is that the number of exemptions and the number failing to pass the examination will be much larger than the estimate of the government officials, and that it may require as high as 300 before the quota of 81 men is finally filled up. He has been besieged with requests of all kinds, but being under solemn obligation to do his duty, must do it without favor. Another physician will pass on all who fail to pass the examination under the examining physician of every local exemption board and those who are passed and still think they are physically unfit may have recourse to another doctor for a supplementary examination.

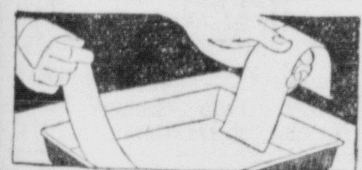

Citizens are not expected to make unreasonable demands upon the draft boards, for such requests and demands cannot be granted, and every member of every exemption or draft board must do his duty, with justice to all.

As a number of persons have enlisted since Fayette's quota was assigned, and as there will be a readjustment of this quota, the number will be reduced to at least 75 and perhaps far below this number.

EFFICIENT MEN SELECTED FOR PLACE

(By American Press)

Paris, July 24.—At their training camp the American troops began intensive bayonet, hand grenade, trench mortar and machine gun practice and will devote two hours daily to these branches of modern warfare.

The individual regimental officers have decided to adopt the French system of selecting the most efficient men for fighting, the less efficient for the more onerous camp duties, such as cooking and cleaning up. Accordingly each corporal will be allowed to bid for fifteen men, who, in his estimation, are the keenest and most alert and have the best records to compose his squad. Each company's best men will be determined in this manner, and those not asked for by the noncommissioned officers will be relegated to camp duties.

Every succeeding day reveals the need of skilled interpreters and a hurry call has reached Paris for Frenchmen who know English or Americans who know French.

The officers are feeling the need of better banking facilities than exist at the camp. Many of them carry accounts in American banks, but are running short of cash and can not easily get checks honored.

Staff officers are scouring the neighborhood for miles around in search of billets for the troops yet to come. When the next troops arrive they will find their quarters all ready and will not have to provide them as did the original division.

OCEAN FREIGHT RATE TO RECEIVE ATTENTION

(By American Press)

Washington, July 24.—The entente allies and the United States shortly will combine to regulate ocean freight rates. Negotiations already have developed almost to the point of maturity. The United States, England, France, Italy and Japan have formally agreed to the principle of international ocean freight rate regulation. The result will be sharp downward revision of the high freight rates which have been charged on war supplies, and practically all other freight.

UGLY RUMORS

(By American Press)

Washington, July 24.—Senator McCumber of North Dakota startled the senate with charges that the postal service in his section of the country is permeated with treason and said he had appeals from constituents asking for aid in driving out the "copperheads and traitors." He declared that if the postmaster general did not remove the traitors, the people of North Dakota would take the law into their own hands.

Senator McCumber called on Postmaster General Burleson to investigate charges that a North Dakota postmistress and her husband entertained a lecturer who insulted the flag.

THE PURPLE CROSS WOULD BRING HOME SOLDIERS' BODIES

Untiring efforts of two Philadelphians have made it possible for the bringing back to this country, for burial soldiers and marines who may lose their lives while fighting in France. Following the war, every man who is killed abroad will be sent to this country and placed at the disposal of his relatives or friends for interment. Even should the conflict continue for several years it will be possible, at that time, under the present plan, to recognize the bodies of the dead heroes.

Accordingly, a few weeks ago the American Purple Cross Association was formed and incorporated under the laws of the District of Columbia. Dr. Eckels was named director general; Major General J. Lewis Good, treasurer, and Dr. Mowbray, field director. The association's active membership is "limited to those who have made care of bodies their life profession, and to those affiliated industries." The trustees and other officers are prominent men of the country, including Governors and millionaire officials of large manufacturing plants.

Government Indorses Plan. Discovering that no modern system had been devised by Government officials for taking care of the soldier-dead in France, officials of the American Purple Cross Association immediately held a conference with Secretary of War Baker and presented a plan that promises to revolutionize and remove one of the most gruesome features from modern war fare.

It was first suggested that the American Purple Cross Association should bear the same relation to the Quartermaster General's Department as the Red Cross does to the Medical Department. Major General Henry G. Sharp, Quartermaster General of the United States Army, greeted the plan with enthusiasm and a series of conferences, covering the best part of a week, were held in his Washington offices.

Plan Was Kept Secret. Major General Sharp reported favorably upon the recommendations, and shortly afterward the following letter, signed by Brigadier General T. P. McClain, Adjutant General of the Army was received by the officers of the American Purple Cross Association:

To Embalm on Battlefield. "Right now we have more than 150,000 pledged for carrying forward our plan," declared Dr. Mowbray yesterday, "and we can easily raise \$10,000,000 as soon as Congress places the stamp of approval upon our plan."

"The bodies will be embalmed in first line trenches or as close to them as possible. They will then be taken from the battle line and interred until after the war. By our up-to-date process they will be recognizable for years and will be in a splendid state of preservation when brought to this country."

The American Purple Cross movement has received nation-wide endorsement. Both branches of the Pennsylvania Legislature have unanimously passed resolutions calling upon the War Department to accept the offer, at least as far as it may apply to troops enlisted in or furnished by the State of Pennsylvania.

Personal assurance, letters and telegrams have been received from the Governors of a dozen States, endorsing this work. The Governor of Missouri has personally written to the Secretary of War urging the vital importance of this work, has offered to resign his Governorship and go to France if it be the judgment of the President that he could be of greater service there than in his present office.

Everyone interested in the success of the proposal of the Purple Cross is to write to their senator or representative in Congress to support House Bill No. 5419.

CAPITOL MILLING COMPANY ORGANIZED

The Capitol Milling Company, of which Mr. D. L. Thompson of this city is secretary and treasurer, was incorporated Monday for \$150,000, and will take over the old Hardesty flour mills in Columbus and operate them. L. C. Titus is president and general manager; James Hunter, vice president; D. L. Thompson, secretary and treasurer.

The Hardesty company installed about \$55,000 worth of machinery six years ago, so that the Capitol Milling Co. will not find it necessary to invest heavily in adding new machinery and equipment and it is said that they will have one of the most up-to-date plants in the state.

Their mill will have a capacity of from 500 to 600 barrels of flour per day at the outset and about 30 men will be employed.

They will confine their efforts to higher grade flours only. Medium and lower quality will not be milled. "Purity," "White Frost" and "Honny Belle," are the names of the brands which they will offer.

Spring and winter wheat will be ground. The wheat of these seasons is not ground by most mills.

L. C. Titus is a successful grain and elevator merchant of South Charleston and South Solon, and his experience in the wheat and flour business is extensive. Although his interests are varied it is his intention to devote most of his time to the Columbus enterprise and he will be personally in charge of the company's affairs.

WHEAT THRESHING BECOMES GENERAL PRICE NOW \$2.10

Thrashing became general Monday and the elevators received wheat in large quantities. While it is too early to determine acreage yields it is conceded that the yield will be normal. The wheat is good in quality, although somewhat damp.

The price paid is \$2.10, as compared with \$1.15 a year ago.

In all directions, Tuesday, the whistle and roar of the thrashing machines could be heard, and if the weather permits most of the wheat will be threshed this week, owing to the large number of machines and the speed with which they can handle the grain.

Every farmer is anxious to be first just as soon as the wheat will do to thresh, and as the rains of the past few days have been of a local nature, some fields of wheat can be threshed while adjoining fields are still too wet.

Never before has the whistle of the thrasher been such sweet music to the farmer as this year on account of the large yield and record breaking price.

W. W. WHITTEN AND WIFE VERY MUCH IMPRESSED

The Credit for Happy Change Goes to Nerv-Worth.

This striking signed statement was given to the Nerv-Worth druggist at Chillicothe:

"I have taken one bottle of Nerv-Worth bought of you and can say that it has done me more good than all other medicines that I have taken for many years. My rheumatism is about all disappeared and my very bad nervousness is much improved. I shall continue the use of Nerv-Worth as I believe it to be among the most valuable medicines on the market. It is surely fine, pleasant to take and will bring the answer every time. Let us say to the people of Chillicothe and Ross county that if you are troubled with rheumatism and nervousness get a bottle of Nerv-Worth at Mutchler's drug store. You'll never regret it."

W. W. WHITTEN,

R. F. D. 8, Chillicothe, Ky.

At the drug store referred to it was added to the foregoing that whereas Mr. Whitten (who is about 74 years old) was so nervous before taking Nerv-Worth he could not write a check, he was all right after using two bottles of the tonic and that his wife, aged 72, had also derived benefits from Nerv-Worth.

Frank Christopher's Drug Store and Brown's Drug Store sell Nerv-Worth. In Washington C. H. your dollar back if not benefited.

Washington, July 24.—Coincidentally with the receipt of reports that prospective recruits in the navy were being turned down in New York because they had been drafted, instructions were telegraphed by the war and navy departments to all points of the country that men of draft age were eligible for service in the army, marine corps and national guard up to the moment they are officially notified to report for physical examination for the national army.

WITH POWER OF DICTATOR

(By American Press)

London, July 24.—Premier Alexander F. Kerensky has been made virtual dictator in Russia and given the tremendous task of putting down the disaffection of the troops, which has resulted in a retreat along the front in Galicia, and otherwise to end the anomalous situation that prevails in Russia.

By an almost unanimous vote the council of workmen's and soldiers delegates and the peasants congress has given "unlimited powers" to Mr. Kerensky and his government, and he already is on his way to Galicia, where he soon may be expected to use all the force at his command against the recalcitrant troops and again bring them face to face with the foe.

The situation in both East Galicia and to the north of the Pripiet marshes for the moment is proving disconcerting to the Russian government. Added to the struggle it is having with the deserters in Galicia, who are still falling back everywhere, comes the news that lack of stability among the men fighting against the Germans in the region of Smorgnen and Krevo, southeast of Vilna, is giving the Russian government and military command great cause for concern.

In a fierce attack between Smorgnen and Krevo the Russians drove a wedge in the German line to a depth of two miles at various places and took more than 1,000 prisoners. The Petrograd war office communication announces, however, that the lack of morale of certain detachments of the Russians is placing the success in jeopardy, while the latest Berlin communication indicates that gains were made and asserts that almost all of the captured positions have been retaken.

Taking advantage of the chaos, the

Germans and Austro-Hungarians are keeping up their intensive push against the Russians all along the front in Galicia. The Germans are directly before Tarnopol, if they have not already captured this important pivotal point east of Lemberg, which the Russians have held since early in the war, and also are advancing on both sides of the Dniester river and between the Stripa and Zlota Lipa, where they have occupied additional villages.

The Germans apparently have ceased, for the time being at least, their fierce infantry onslaught against the French along the Chemin-des-Dames in France, which cost them dearly in men killed, wounded or taken prisoner, when compared with the extremely small amount of ground they gained. Near Cerny the French themselves took the initiative in a small operation and gained ground and captured men of the army of the German crown prince.

The Canadians have taken another back at the German line protecting the coal fields south of Lens and again have appreciably advanced their line.

On the other fronts there has been little notable activity, although for their successes have been gained by the British in East Africa and against the Turks in Palestine.

MUTINOUS TROOPERS PROMPTLY DISARMED

(By American Press)

Washington, July 24.—Dispatches received at the Russian embassy declare disorder in Petrograd has been suppressed. Soldiers taking part in the riots have been disarmed and dismissed. Many suspects have been arrested and energetic measures have been taken to keep down firing from windows.

According to another dispatch the appointment of Kerensky as president of the council has been received with enthusiasm. The cabinet has not yet been formed, but will be when Kerensky returns from the front. Nekrasov remains in the cabinet, but with out portfolio and will act as vice president of the council. Zotelev will be the provisional head of interior affairs.

MONDAY GAMES

(By American Press)

Chicago, July 24.—Chicago increased its lead over Boston to four and one-half games by winning the final game of the series yesterday. Grant fielding behind Williams was one of the factors in saving the game for Chicago. Score:
